

PRODUCT INFORMATION SHEET

LIQUID CAUSTIC 30%

PRODUCT DESCRIPTION

This is a highly concentrated alkaline liquid for both general and CIP cleaning in the dairy and food industries. This product may also be used for concrete cleaning and for pH correction in potable and waste water treatment systems. Liquid Caustic 30% is often a preferred product for caustic dosing as pH levels are increased gradually and the 30% solution has a lower freeze point than 50% solutions.

DIRECTIONS FOR USE

General cleaning of dirt and soils **recommended dilution: 10mls per 1 litre of water**, scrub surface then rinse thoroughly with potable water to remove residues.

C.I.P Cleaning – dilute 10-20mls per litre of water at 60-85 degrees Celsius. Circulate for 25-45 minutes, rinse thoroughly with potable water.

FIRST AID & SAFETY

Class 8: Risk Corrosive

Considered a hazardous product highly alkaline. Avoid contact with skin and eyes. Wear gloves and eye protection when handling. Keep out of reach of children. If swallowed seek medical advice. If poisoning occurs contact a Doctor or the Poisons Information Centre. If swallowed do NOT induce vomiting, give water. If skin contact occurs wash affected area and remove clothing. If in eyes, hold eyes open and flood with water for a minimum of 15 minutes. Call a Doctor.

Refer to Safety Data Sheet for more information.
