

PRODUCT INFORMATION SHEET

ONA-50W ODOUR CONTROL ADJUNCT

(Liquid Phase Odour Control Enhancer and Remover)

PRODUCT DESCRIPTION

Nowchem ONA-50W is a high level concentrated liquid odour control for use in many liquid phases. It is intended for use as a liquid additive to mephitic and highly offensive odours and can act as an odour profiling agent. Nowchem ONA-50W can be applied to odorous products without effecting the efficacy of the original product and it is Ideal for control of Waste Management Odours and as an effective masking agent for landfill sites and grease trap odours. It is an excellent odour neutralizer for bitumen products.

DIRECTIONS FOR USE

Recommended Dilution: Please ask you sales representative for requirements suitable for your application.

Formulation: Mix 10ml of Nowchem ONA-50W to 400L water or solution mix.

Bitumen and Surface Formulations: Mix 50-100ml of Nowchem ONA-50W to 10'000L of solution.
